HOURS

VALID SQL CAN STILL CREATE AN INVALID BUSINESS.

- Ambiguous intent
- Complex enterprise relationships
- Execution success != business correctness

THE COMMIT GATE FOR AI DATABASE AGENTS.

"Merge the duplicate SKU in Los Angeles and release cancelled-order inventory... without changing:"

- other warehouses or tenants
- shipped orders
- lots, serials, or expiration dates

MySQL

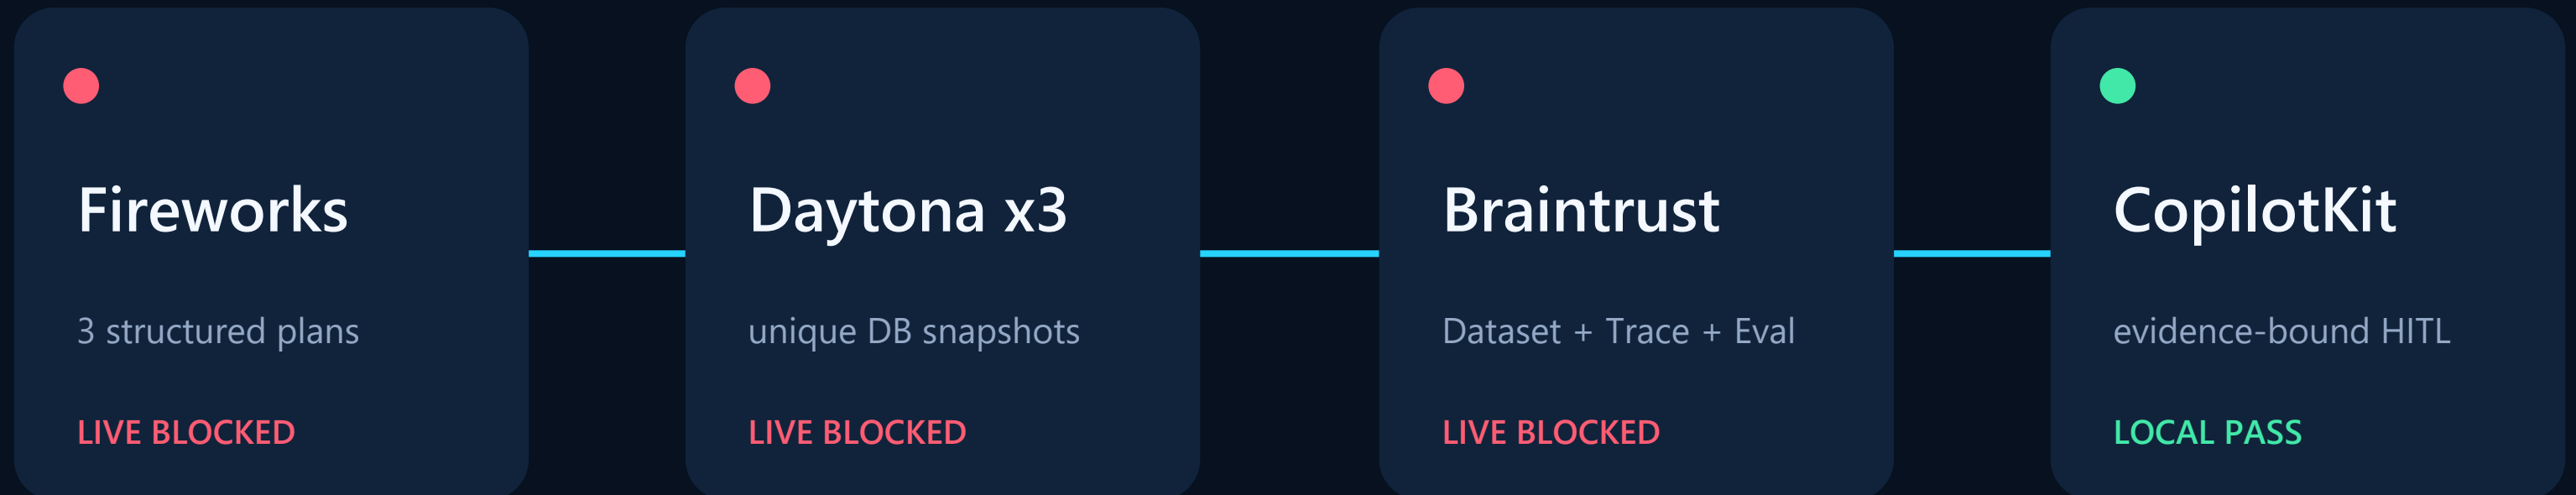

8.0.36

OpenBoxes-derived
executable fixture

NOT a full deployment

05 Sponsor-native architecture

READY / BLOCKED

CodeRabbit exact-head review is an optional secondary loop.
